Working with the UK's leading specialist insurers and using all our skill, judgement, and experience, Vizion will find you the best cover at the right price.

At times the Insurance industry gets a bad reputation and, in some cases, it is fully deserved. However, with Vizion on your side, working with specialist insurers and with products that really work for you, you can be secure in the knowledge that we will regularly exceed your expectations.

A Broker You Can Trust

Vizion is not just an insurance broker, it is a 24/7 Insurance Concierge service for clients who demand the highest standards. It's also your trusted partner who will be there to help you every step of the way.

A Personal Experience

Unlike some brokers, we will always be there for you when you need us. Each business's requirements are different so when you join us if it is convenient for you we will visit you to get a full understanding of your requirements and so you can get to know us.

Service Excellence

Service excellence is at the heart of everything we do; exceptional service from exceptionally talented people and tailor made solutions crafted to cater for your specific needs.

Value for Money

We aim to provide the best value for money combination of advice, level of cover and service.

Custom Choices

You chose the level of service that you want and only pay for what you use. In some cases, we will work for a pre-agreed fee rather than commission.

An Effortless Relationship

We will be your trusted partner and advisor and ensure that the whole process from start to finish is as hassle free as possible.

A Unique Approach

We have exceptional experience and expertise in the commercial market sector and we put that to good use to ensure you get the very best solution.

Financial Security

Vizion clients know that going for the cheapest option is a false economy. In any walk of life you only get what you pay for. Our clients pay an appropriate and competitive price for an insurance policy from a financially sound insurer that will respond properly in the event of a claim.

Rewards for Discerning Clients

Clients who take the trouble to properly protect their assets and treat their insurance policy as a last resort can be rewarded with more competitive pricing and better cover.

A Team of Devoted Professionals

You no doubt have a trusted accountant and lawyer but more often than not the personal relationship with the insurance broker isn't so strong. We aim to change that and to become your trusted insurance broker responsible for protecting all of your business assets.

HOW WE WORK

1 ASSESS

We identify the risks associated with your business, then quantify them for you, giving you an expert opinion rather than based on preconceptions.

2 EVALUATE

We comment on the suitability of your current insurance arrangements in terms of cover and premium spend.

3 MANAGE

We discuss different methods to manage your risk.

4 TRANSFER

We agree with you the risks which you are comfortable to self-insure and those you wish to be transferred to have insurer protection.

5 RESPOND

We are here for you to respond to changes in your business throughout the policy term.

6 CLAIMS

Should the unfortunate happen, we will manage the claims process and work with insurers on your behalf.
